

# Masonic Motorcycle Club

Do you own a 350cc or larger motorcycle of any make? Would you enjoy riding with your Masonic Brothers?

A 'yes' answer to these questions entitles you to be a member of a chapter of the Masonic Motorcycle Club International.

The purpose of the Masonic Motorcycle Club International is to bring Master Masons together who enjoy riding, good fellowship and encouraging membership in the Fraternity.

Membership requires a copy of your current Lodge Dues Card in a Lodge of F.&A.M. Most Chapters enjoy a scheduled monthly ride with folks who want to share things in common with you.

After the presentations at St. John's Day, there has been a good response. In Albany they are forming a Club and there are three Districts downstate, which are also in the process. More information will be made available from the Committee on Fellowship.
